BEW.V	Communication Equipment	Technology

Bewhere Holdings (BEW.V) is a Canadian technology company that specializes in the design, development, and sale of Internet of Things (IoT) solutions. These solutions help businesses track and monitor their assets, such as vehicles, equipment, and inventory, in real-time using wireless sensors and software applications. Bewhere's IoT products and services enable businesses to improve operational efficiency, reduce costs, and increase productivity. The company operates in various industries, including transportation, construction, and utilities, and serves customers in North America, Europe, and Asia.
